

## Measuring Sheet for Riding Boots & Shoes

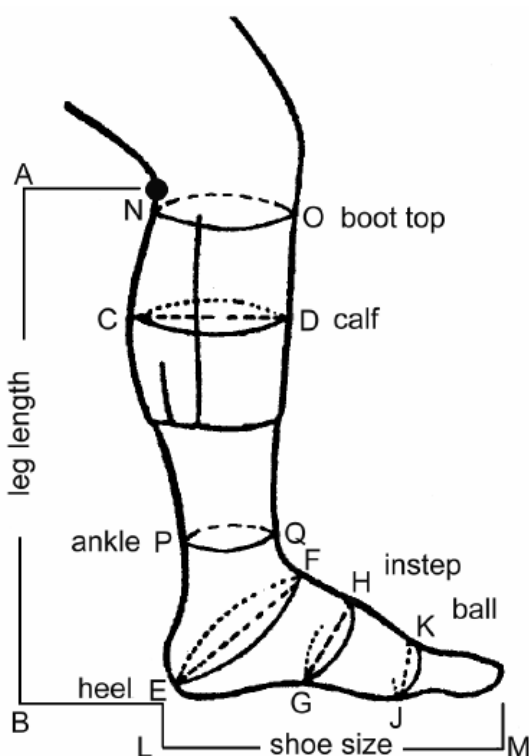

Name: \_\_\_\_\_

Address: \_\_\_\_\_

Phone: \_\_\_\_\_

Design: \_\_\_\_\_

Place, Date: \_\_\_\_\_ Signature: \_\_\_\_\_

- ball (J – K)
- instep (G – H)
- heel (E – F)
- ankle (P – Q)
- calf (C – D)
- boot top (N – O)
- leg length (A – B)
- shoe size (L – M)

right (cm)	left (cm)

**Note:**

**The foot outline:** The outlines of the stockings foot should be drawn with a **vertically** held pencil on the reverse side. The measurements should be taken with a slightly stretched tape measure over stockings and riding breeches. Please record all measurements in centimeters. The leg length should be taken in standing position on the backside of the leg (from the hollow of the knee (A) to the floor point (B)).  
**We recommend you ask another person to take your measurements.**
